

Groups that TennCare Medicaid Will Still Cover

These are the groups that TennCare Medicaid will still cover.

To qualify in one of these groups, your income must be below the limit for that group. (They're not all the same.) It may also depend on how many people live in your household.

Some of the groups also have limits on how much you own—your “resources.”

These are things like bank accounts, cars, and land.

Brown page 4 has a list of resources you must tell DHS about. For some groups, you also have to tell us about things you own on brown page 5. Read carefully. If you have questions, call the Family Assistance Service Center for free at **1-866-311-4287**. In Nashville, call **743-2000**.

What if **you don't tell** DHS about what you own or **you're over the limit**?

You won't qualify for Medicaid in any group that has a resource limit.

Here are the **groups that TennCare Medicaid will still cover**:

- Children under age 21
- Women who are pregnant
- Single parents or caretakers of a minor child
(The child must live with you and be a close relative.)
- Two-parent families with a minor child living at home when one of the parents:
 - Has lost their job or had their work hours cut, **or**
 - Has a health or mental health problem expected to last 30 days
(DHS will need proof from your doctor.)
- Women who need treatment for breast or cervical cancer
- People who get an SSI check (Supplemental Security Income)
- People who **stopped** getting SSI since November 13, 1987 while living in Tennessee—you **don't** have to be getting SSI now
- People who have gotten **both** an SSI check and a Social Security check **in the same month** at least once since April, 1977 AND who **still** get a Social Security check
- A person who:
 - Lives in a nursing home and has income below \$1,737 per month, **or**
 - Gets other long term care services that TennCare pays for
